SUMMARY

Front-end web developer with a background in Physical Education and Administration. Newly developed skills in HTML, CSS, JavaScript, and responsive web design. I recently earned a Certificate in Full Stack Web Development through the University of Arizona. I am a creative, confident, self-motivated person who is a team player. With each project, I focus on creating an impactful and memorable user experience. I am ecstatic to expand my knowledge and refine my skills as part of joining a quality-driven team to build a better web experience.

TECHNICAL SKILLS

Browser: HTML, CSS, JavaScript, jQuery, Bootstrap, SASS
Api Interaction: API's, JSON, AJAX
Development: React.js
Development Tools: Heroku, Git, GitHub, Figma
Databases: MySQL, MongoDB
Server Side: Templating Engines, Sessions, Writing Tests, Node.js, Express.js, Creating API's, User Authentication, ORM (Sequelize)
Cs Fundamentals: Algorithms, Data Structures

PROJECTS

Quizlet | https://github.com/tanMan/07-project-01 | https://tanman5.github.io/07-project-01

> **Summary-** This application allows the user to take a multiple choice trivia quiz game utilizing a random set of ten questions regarding many topics. A wikipedia API link is included in each answer to give the user more information if they so choose.
> **Responsibilities-** Retrieving API, Setting up Local Storage
> **Tools Used-** 2 Server-side APIs/Foundation/GitHub Pages

Book Tracker | https://github.com/tanMan5/Library-App | https://book-trackerapp.herokuapp.com
